

# TTM Lifting JC35TM2

TECHNOLOGY  
DRIVES INTELLIGENT LIFE

## Data sheet

# JC35TM2

### Features

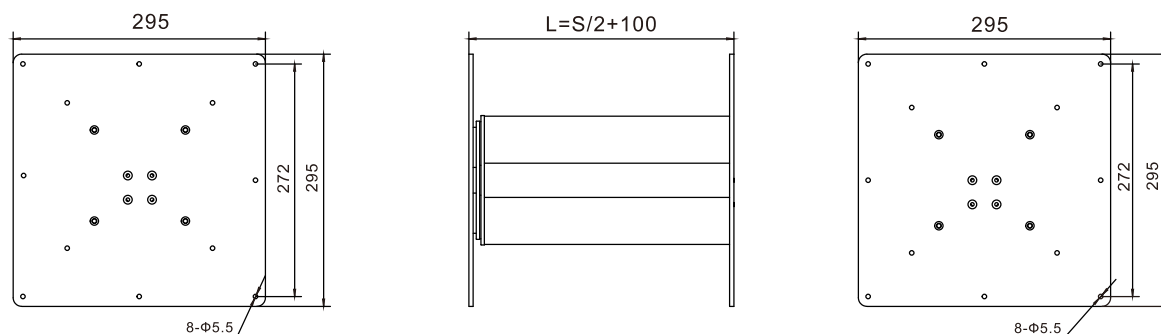

- Anti-collision function: 360° no dead angle anti-clamp.
- 24V safe voltage: the human body touchable voltage is 24V.
- 2.4G remote controller: The remote controller uses automatic frequency modulation technology and will not interfere with each other.

### Technical specifications

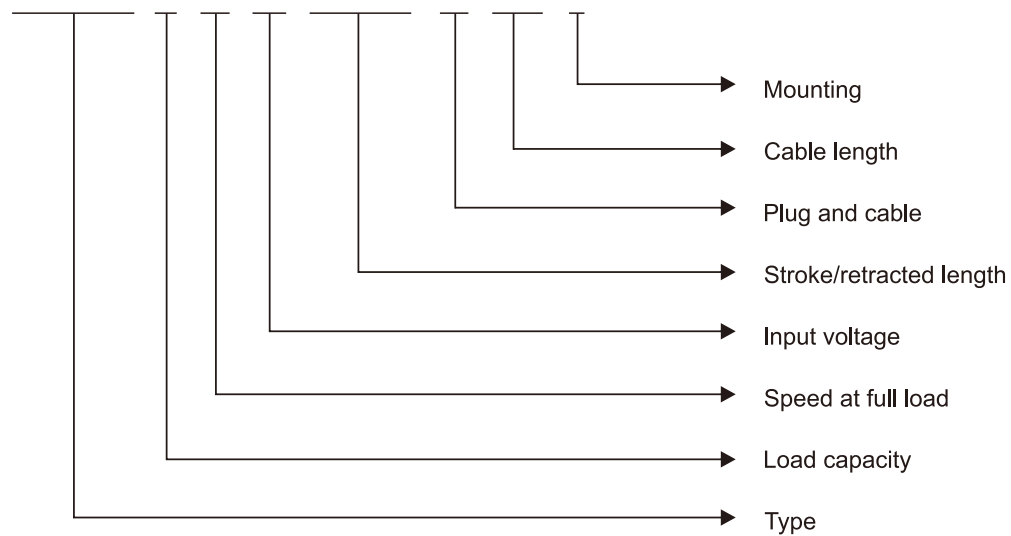

|                         |                                                           |             |
|-------------------------|-----------------------------------------------------------|-------------|
| Max push capacity ( N ) | 1000                                                      |             |
| Max pull capacity ( N ) | 1000                                                      |             |
| Static load ( N )       | 1000                                                      |             |
| Load speed ( N )        | 14mm/s                                                    |             |
| Min height              | 310                                                       | 360         |
| Max height              | 730                                                       | 840         |
| Packaging               | 350*350*500                                               | 350*350*550 |
| Weight                  | 18KG                                                      | 21KG        |
| Noise level             | Less than 55dB                                            |             |
| Surface                 | Powder painting/Oxidation                                 |             |
| Plate size              | 295*295                                                   |             |
| Duty cycle              | 2 minutes continues use followed by 18 minutes not in use |             |
| IP grade                | IP54                                                      |             |
| Ambient temperature     | +5℃~+40℃                                                  |             |
| Certification           | CQC                                                       |             |
